I am Liudmyla. I was born in a small town in Cherkasy region. I am Ukrainian. I am married. My husband's name is Yevhenii. We have a son. He is 6 years old. We prefer active style of life. We like spending time together.

I studied at secondary school №3 in my native town. I got my first experience in agriculture during my school practice at school on flower beds and in the summer at my grandmother's place, where I helped her to grow vegetables.

As much as I remember, my life is associated with plants. I have worked in the sphere of fruit and vegetable growing for years.

From 05.2006 to 10.2006 I was in Great Britain (S & A PRODUCE in Marden), where I picked up strawberries and raspberries;

From 06.2007 to 09.2007 I was in Finland (Jarvenculjantia, near Sauvo), where I also picked up strawberries, raspberries and blueberries.

From 2008 till 2016 I was working at a palnt farm in Ukraine. My duties were  
organization of work in the garden,  
cultivation of black currant, selection of black currant,  
care of berry plantations, harvesting,  
cultivation and care of evergreen plants,  
tree trimming.

In 2016 I entered Agrarian Lyceum, the faculty of agronomy. I decided to refresh my knowledge and to get knew experience.

I like to play different ball games, such as volleyball. I like to play a bandura, go to the cinema with my friends. Sometimes I like to stay at home, then I listen to music, read books and study English. If I have the opportunity I like to swim on the river in the summer, and skating in the winter. In my spare time I teach children English.

I have driver's license category B, since 2003. An experienced driver. I can ride a tractor.

I am friendly, hardworking, responsible, honest, purposeful and diligent.

The purpose of the trip to Norway is gaining new experience in horticulture. I want to work with my husband. We are colleagues and want to develop ourselves together.

Regards,

Liudmyla.
