Other language(s)	English - Good, Russian - Perfect

Driver licence	Car
Equipment experience	Milking machines(high)
6.Hobbies and interests	Travelling, active lifestyle
7.Job start date	As soon as possible

Autobiography

My name is Iryna. I am 23 years old. I am married. But I don't have children yet.

I studied at secondary school, after that I entered the Novoselytskyi Professional Lyceum of Agriculture. I was studying there from 2012 to 2014. My specialty is an Operator in Animals Veterinary Processing.

After the graduation I started to work at the dairy farm in Ukraine. I worked for 2 years from July 2014 till June 2016. My duties were

- feeding cows and calves,
- milking, detection of diseases,
- assistance in calving,
- cleaning and disinfecting of stables.

Then I found a job in Denmark. I have 2 years of experience as an intern and a farmer assistant in Denmark from July 2016 till July 2018.

At the previous workplace, I performed such duties as:

- preparing cows for milking and milking them,
- feeding heifers and calves,
- taking care of calves,
- assistance in calving,
- giving injections,
- driving a small tractor,
- regular washing, cleaning and disinfecting of stables,
- taking care of the general well-being of the farm.

I received very good recommendations from the past employer. They characterize me as responsible, punctual and attentive. They also noted that I am getting along well with cattle.

I have a driving licence and can drive a car well. Also, I am a good mini truck driver.

I am inquiring into the possibility of a full-time job at farming and work with cattle. I would like to continue to work in this area in Canada and immigrate into this country with my husband. My husband and I want to immigrate to Canada for better life and new experiences because Canada is very interesting, well developing and comfortable for living.

Regards,

Iryna.
