<b>6.Hobbies and interests</b>	Bodybuilding, reading
<b>7.Job start date</b>	As soon as possible

# Autobiography

---

My name is Bohdan. I was born in 1985 in the village. So, now I am 33 years old. I am Ukrainian citizen. I am married. My family consists of only three members: my wife, my son and me. I do not have brothers and sisters. My father Petro was born in 1962 in Chervonoarmiisk. He is working as a builder. My mother Tatiana was born in 1964. She is working as a secretary in the department of district road transport.

All my childhood, my parents and me live in a private house, and we have a plot of land with beautiful orchard. Also we have 1ha of land for growing vegetables and crops for feeding animals and poultry. We also keep animals: pigs, geese, rabbits and a cow.

From September 1992 to July 2000 I studied at secondary school where I received a certificate of secondary education.

In 2000 I entered Vocational Lyceum, where I studied till July 2003. I received a diploma with honors and profession of the tractor-driver, and mechanic repair of the agricultural machines and get a driver license category "B" "C".

In July 2003 I entered the Agroecological University where I received a degree in the "mechanization of agriculture" and qualification in Engineering. In 2008 I graduated from the university. I have work experience as a mechanic since 2009 till 2013 where I performed ongoing maintenance and monitoring of road works companies.

In 2013 I entered Agrarian lyceum. My faculty was veterinary, as I decided to become a vet. During my study I had an internship in Denmark.

In August 2014 I went to Denmark for internship and worked at a farm with 1,550 sows. I worked till February 2016. During that period I received a lot of experience that included the following

- insemination, farrowing assistance,
- castration, tail cutting,
- washing stables,
- vaccination, moving animals, and other jobs.

After the coming back from I continued studying and got a diploma.

After the graduation I found a job at a pig farm in Ukraine. I started to work in July 2016 and am still working here. My duties are

- insemination, castration, farrowing assistance, feeding and cleaning.

I have a certificate IELTS confirming my English proficiency at the level of a confident user.

I have a professional driving license that allows to drive in category "B" "C" and tractor machinery. I have experience of field work in Ukraine. I can do repairs, welding, metalwork, joinery work (not professional).

As for hobby, I am fond of bodybuilding and reading. I am a responsible person, easy communicated, honest. I am not afraid of hard and dirty job. I like to learn something new. I do not drink alcohol, do not smoke.

I have never been in Canada, and I believe that my experience will help to work in this high developed country. I think it is the best chance for me to achieve high professional aims. Also I would like to take my wife and baby to join.

Regards, Bohdan.
