Autobiography

My name is Ivan. I'm 24 years old. I was born in 1994 in the countryside. Unfortunately I don't have father, my mother Oksana is a cook but she doesn't work now because she is retired. I have just one brother Orest who works seasonally in Poland and grandmother Olga.

Since my childhood I have been looking after animals such as cows, pigs, chickens, etc. I used to live at my grandparent's place and help them to take care about animals, especially cows and small calves. In 2000 I went to secondary school but at higher school I had study with sport and military education. It made me strong and disciplined. After getting secondary education in 2011 I entered the University, the faculty of tourism. I studied till 2015. But after the graduation I couldn't find a job by my profession and I got an opportunity to try myself in the sphere of dairy farming.

In August 2015 I started to work at a dairy farm. I worked almost for 2 years. My duties were
cleaning and disinfecting of stables,
feeding and watering cows and calves,
milking, cleaning of milking equipment.

Later my farmer advised me to get an agrarian education. In 2017 I entered Agrarian Lyceum, the faculty of veterinary. During my study I went to Denmark for internship. From December 2017 to November 2018 I worked on a cow farm. There my duties were

milking, cleaning milking equipment,
preparing and mixing food for animals,
feeding and watering animals,
giving milk to small calves,
putting straw, vaccination, detecting mastitis,
control animals health conditions,
giving medicine when they were ill,
pumping and give tablets cows after pregnancy.
helping with milking test, giving colostrum for the new calves,
cleaning and washing everywhere.

After coming back from Denmark I continued my study and in 2019 I got a diploma.

I have very good English language. Also I speak Ukrainian, Russian and Polish.

I have a driving license and can drive a car.

As for my hobby I like sport, especially team kinds of sport like football and tennis. I'm strong, hardworking, diligent, punctual, have sense of humor, can work in the team, like to learn everything new.

Now I'm looking for a job abroad to apply my knowledge and experience and get new ones. It easy for me to learn new duties, and I want to do it. I want to become a professional farmer. I know that Canada has a lot of modern well-equipped farms. I would like to enlarge my skills at one of them.

Regards, Ivan
