Driver licence	Car
Equipment experience	Tractor(satisfactory)
6.Hobbies and interests	Doing sports, reading books, watching movies, spending time with pets
7.Job start date	As soon as possible

Autobiography

My name is Dmytro. I'm 28 years old. I have a small family. My father Petro is a farmer, and he has some land of his own. My mother Halyna is unemployed, she is a housewife. Also I have a younger sister. I'm not married.

My height is 188 cm, weight 90 kg.

I grew up in the village and always helped my parents with the household. For many years we kept cows, pigs, chickens and rabbits for breeding. Recently my parents have started developing an agronomy business. We own a plot of land and grow different vegetables. I enjoy breeding domestic animals and growing crops.

In some time after graduating school I worked abroad in Hungary at the factory. My job was to fill the wires with plastic on modern machines. However, agriculture was closer to my heart.

When I came back to Ukraine, I found the opportunity to work on the pig-breeding farm called as "Agromash". It was very valuable experience as I was taught how to feeding pigs, fixing food, health checking, cleaning and washing of boxes, taking care of newborns, farrowing assistance, insemination assistance, tail cutting, sorting and marking. I worked there for two years. At that time I decided to connect my professional life with agriculture and started with getting the special education.

I entered Vocational Agrarian Lyceum in 2018. My choice fell on the faculty of stockbreeding and veterinary. During studying, I had practice at the training farm of the lyceum and abroad.

In 2020-2021 I had a great experience of working in Denmark as a trainee. I worked on the pig-breeding farm Lerbæklund Aps. My duties included caring for the pigs, feeding them, cleaning up the stables, moving sows and piglets, castration, vaccination (about 100 sows a week), treating sick pigs with medicines, assisting with insemination, checking and sorting pigs, cutting the teeth of newborn piglets, bringing big bags with food by small tractor, doing small repairing in stables (fixing small breakdowns).

As for languages I know, I speak good English and perfect Russian. My native language is Ukrainian. I have a driving licence and can drive a car. I like sport, especially boxing (I've won many boxing competitions) and team kinds of sport like football and volleyball, reading books, watching movies, spending time with pets.

Most of all I dream to go to Canada in order to get acquainted with Canadian lifestyle and farming. I would like to improve my skills in farming and apply my gained skills on practice. I also want to meet interesting people and see interesting places. I would appreciate the chance to work on a pig-breeding farm in Canada.

Regards,

Dmytro
