## Autobiography

---

My name is Mykhailo Riabiko. I'm 20 years old. I was born on October 31, 2000 in city Poltava. I have a big family. My father Oleksandr is a businessman and he's busy with family farm, I often help him in seasonal harvesting work. My mother Larysa is a doctor for over 20 years. I'm not married. My older sister Yaroslava is 28 years old, she was a florist for a long time, but last year she graduated from the agrarian lyceum.

My height is 184 cm, weight is 75 kg.

From my childhood I got accustomed to rural style of life. My grandparents live in the village and have a lot of land, where we grow crops for sale. There I was taught to do all the work around the ground and cultivate plants. It always brought me pleasure and I decided to follow my sister's steps and entered the Vocational Agrarian Lyceum on the faculty of agronomy and horticulture. During my study at the lyceum I have had different kinds of training practice at the crop farms. Also I did practice abroad twice.

From June 2019 to October 2019 I worked on a mixed farm in Switzerland. There I was doing different duties: picking strawberries, cherries, plums, apricots, nectarines, blueberries, driving a tractor.

From September 2020 to March 2021 I worked in England at a packhouse, my responsibilities included the delivery of pallets on the line, as well as packing products into boxes and loading them onto pallets.

I have satisfactory English and understand a little bit of German and Polish. Also I speak Ukrainian and Russian. As for my hobby I like sport, I am fond of canoeing, running, swimming, gym.

Very soon I am going to graduate from the lyceum and I would like to find a seasonal job in Norway in order to apply my knowledge and experience and get new ones. For a long time I wanted to visit Norway because there is a beautiful nature and a high standard of living. I would like to get a job on the same crop-production farm together with my sister Yaroslava Hridasova-Zhytnyk and my friend Mykhailo Somko.

Regards,

Mykhailo
