My name is Serhii Simonik. I was born on the 20-th of March 1974. So I am 48 years old. I am from Ukraine. I have not a big family: a wife and two sons. My wife is staying in Ukraine with younger son and I am in Denmark with elder son. When the war started I was staying in Europe because I was working as a track driver.

My height is 185 cm, my weight is 110 kg.

I have been connected with agricultural sphere since my childhood. I was born in a small town in the central part of Ukraine. There are a lot of fertile fields in my region. That's why it is full of farms and almost every family keeps and breed animals and grow vegetables. My family always had some pigs and a cow at home and I have a great experience in breeding animals and taking care of them.

In my adult life I continue to be in I have a lot of experience in the sphere of farming. I was working at the agricultural enterprice in Ukraine for many years, since 2002 till 2020. It was a big enterprice. There I was doing diffent types of work: work with slaughter pigs, pig feeding, vaccination, treatment, slaughtering, control of grain supply to production shops, transportation of grain, growing grain.

In 2020 I started working in Europe in the sphere of transportation. I was working as a track driver and driving in Germany, Poland, Finland.

I have a driving lisenca and a huge experience in driving a car, a track, a tractor and Manitou.

I can speak English but not well. As for my interests care and repair of cars, old mechanics, sports.

Now I would like to find a job at the pig farm in Denmark. I have a lot of experience and want to apply it here. The main wish is to work with my son Serhii at the same farm. We are both have experience with pigs and can work in any stable.

Regards,

Serhii
