Autobiography

Autobiography

My name is Cherkas Denis Valentinovich. I am 17 years old. He was born on 10.19.2006. I live in the city of Zhytomyr. Previously, he studied at Zhytomyr Secondary School No. 14, graduated from nine grades. I am currently studying at the Zhytomyr Agricultural Technical College, majoring in "Agronomy". Where do the third year studies come from? Engaged in sports, namely Muay Thai. I worked for one year at the Zhytomyr Meat Processing Plant as a sausage processor. My duties:

- Marking of finished products "on the Dibal production machine", packing them in corrugated boxes and stacking them on pallets.

Since childhood, I often visited my father in the village where there were many livestock "pigs, cattle, horses and others". There I learned to take care of animals. I can say that I am purposeful and a quick learner. Since childhood, he dreamed of working abroad and arranging his life there. Because of my dream, I chose an educational institution and a specialty related to agriculture, precisely so that in the future I would work in farming.

Thank you for your attention.
