Driver licence	Car
Equipment experience	
6.Hobbies and interests	Cars, music, swimming, volleyball, embroidery, tourism, culinary, running, dancing, pets, cinema
7.Job start date	As soon as possible

Autobiography

My name is Yuliia. I'm 24 years old. I was born in 1994 in Dnipro. I have a small family. My mother is a housekeeper, also I have a grandmother and an aunt. I'm married. We worked together with my husband at dairy farm in Denmark.

In my childhood I was learning English since 6 years, and then I traveled around Europe, Australia, China a lot so I received good experience in speaking. Also I can speak Ukrainian and Russian.

In my childhood I often visited my cousins who live in the countryside and spent summer holidays there. So I helped them with household. They had a cow, some pigs and a lot of chickens, ducks etc.

After finishing secondary school in 2011 I started working in the shop. But it was so boring I liked nature and wanted to connect my life with agriculture. I decided to try myself in farming and found a job at the dairy farm.

So from December 2013 till December 2015 I was working at a dairy farm in Ukraine. I was taught a lot because I worked with a team of real professionals. My duties were

- feeding, watering,
- milking, cleaning the milking equipment,
- cleaning and disinfecting of stables,
- monitoring animal health.

While working I understood that I had to get an agrarian education if I wanted to stay in farming. In 2016 I entered Agrarian lyceum, the faculty of veterinary. While studying I was sent abroad to Denmark for work at a dairy farm. I was working for one year from November 2017 till November 2018. My duties were

- daily milking of cows with carousel (450 cows),
- washing of the milking system,
- pressure washing in waiting place and walls,
- monitoring animal health,
- cleaning of a barn,
- baby calves feeding,
- delivering of straw to calves,
- maintenance of cleanliness in working rooms,
- other general job on the farm,

I have a driving license and can drive a car.

I like swimming and playing volleyball as a hobby.

I think that Ukraine has very good specialists in agriculture, but we don't use modern technologies, so I want to work in Canada because I think it's the best chance to apply my knowledge and get new experience. We are looking for a job at a dairy farm together with .

Regards, Yuliia
