Driver licence	Car
Equipment experience	
6.Hobbies and interests	Cars, football, hiking, outdoor activities, cinema, fishing, cynology
7.Job start date	As soon as possible

Autobiography

My name is Andrii. I'm 25 years old. I was born in 1993 in Kamianske town, Dnipro reg. I have a big family. My father Arkadii is a truck driver, he is self employed, my mother Helen is an accountant in a small company, also I have an older sister. I'm married. Together with my wife had an internship in Denmark together.

Every summer in my childhood I spent with my grandmother in the countryside, so I was really interested to watch how she fed cows, pigs and chickens. Of course I helped her with household. I did hard work. I cleaned a barn, made food and fed animals.

After finishing school in 2010 I found a job at a local milk plant. I worked as a worker. But when I met my future wife I decided to changed my life because I needed another profession for my earning money.

In February 2014 I started to work at a dairy farm in Ukraine. I worked there for 2 years. My duties were taking care of cows and calves, feeding, mixing food, milking and cleaning the milking equipment, cleaning and disinfecting of stables.

In 2016 I started to study in Agrarian lyceum, the faculty of veterinary. While studying I went to the internship in another country. It was Denmark. I was working for 1 year from November 2017 till November 2018. My duties were

calf feeding,
driving of farm vehicles (confident user- able to do difficult maneuvers with load),
cleaning of a barn,
delivering of straw to calves,
sorting calves, separate cows,
closing silo,
milking during one month (replaced another workers),
treating animals as need schedule,
other general work on the farm,

I have good English, I passed IELTS and have a certificate.

I like playing football and volleyball as a hobby.

I have a driving license and can drive a car.

I would like to find a job in Canada because I heard a lot about its technologies in agriculture. I hope to get new experience at next dairy farm, which will be useful in my future life.

I want to work with my wife at a dairy farm.

Regards, Andrii
