6.Additional information	
7.Hobbies and interests	Training in the gym and pool three times a week, was engaged in combat sports for 2 years (MMA), cycling, travelling, running, sometimes fishing.
8.Job start date	As soon as possible

Autobiography

My name is Dmytro. I was born 21-st of January 1993 in Zhytomyr, Ukraine. I am 24 years old now. I have just been married and don't have children yet.

Despite of my living in a town, every summer I spent at my grandparents' place where my parents sent me for summer holidays. The village was not far from my town and I had an opportunity to visit my grandparents often. They kept domestic animals: some cows, some pigs and a lot of poultry. There I was taught how to take care of animals, and that time influenced my future choice.

I got my upper secondary education in 2008. After that I found a job in a supermarket. But soon I understood that it was not mine.

In 2012 I entered Agrarian lyceum, the faculty of veterinary. In 2014 I graduated and started to look for a job at a dairy farm.

From August 2014 till August 2016 I was working at a dairy farm in Ukraine. There my duties were taking care of cows and calves;
feeding; milking;
cleaning of milking equipment; cleaning of stables.

From November 2016 till November 2017 I was working at a dairy farm in Denmark. My duties there included: planning, organizing and ensuring of the smooth operation of the farm for 250 dairy cows and 400 calves
milking of cows in carousel on 26 places;
operating of a forklift, loading machines and equipment;
feeding and caring of cows and calves;
hilling food (three times a day, using the small tractor Shuffle and CAT);
washing a milking room and houses of small calves;
care of pregnant cows;
cleaning boxes from sand or straw;
covering of silenced pits.

I have good English, my native language is Ukrainian. Also I speak Russian. I have some hobbies. They are running, swimming, training in the gym and pool three times a week, was engaged in combat sports for 2 years (MMA), cycling, travelling, sometimes fishing.

I have a driving license for cars.

About myself: I lead a healthy lifestyle, I am responsible, communicative, have a stress tolerance, organized, a team player and a fast learner also friendly and sociable.

I really love agriculture and I feel that I want to devote my life to it. Ukraine has rich soil and a huge potential for farming. My dream is to work on the farm of a new generation using the most advanced technologies. To achieve my goal I need to get more experience of the world leaders in innovative technologies of agriculture. Canada can give me the opportunity to acquire knowledge and experience in this field.

Regards, Dmytro.
