Autobiography

My name is Maryna. I was born in 1987 in Kharkiv. But now I live in a small village in Vinnytsia region. I have two children. Since my childhood I've been involved in farming. My grandparents had a household and taught me how to take about animals. I studied at secondary school. I finished my school study in 2004 and found a part-time job in a greenhouse.

In 2007 I went to England. There I worked on the field. I picked strawberries. I was staying there for one year. After coming back I was unemployed for some time and devoted my time to my family and children. I kept domestic animals and grew vegetables.

From August 2012 till August 2014 I worked at a dairy farm in Ukraine. There my duties were taking care of cows, cleaning and disinfecting of stables, feeding and watering, milking, assistance to a vet with treatment.

In September 2014 I started in Agrarian lyceum, the faculty of veterinary. I studied there for 2 years. As I needed some money in December 2016 I went abroad for work. It was Denmark where I was working in a greenhouse with flowers for 1 year. My duties were

planting, taking care for the plants, cutting mother plants, sticking, sorting out young plants, packaging flowers, another small jobs in greenhouse.

In February 2018 I went to Norway for work at a dairy farm. I was working for 1 year. I worked together with my farmer. It was not a big farm and when the farmer was out I could run the farm alone. My duties were

milking, milk quality control,
feeding, assistance in calving,
registration of animals,
vaccination,
cleaning and disinfecting of stables,
harvesting of hey, driving a tractor,
working with fences, moving of herd,
assistance with repairs of equipment.

I have good English language and understand a little bit of Danish. Also speak Ukrainian and Russian. As for my hobby I like sport, bicycle, I like reading books and spend my free time which my children.

I have a driving license for cars. I can drive a tractor.

Now I'm looking for a job in Canada to apply my knowledge and experience and get new ones. I want to work at dairy farm. I want to realize myself in this sphere. I know dairy farming is well-developed in Canada and of course I would like to work with real specialists.

Regards, Maryna.
