Other language(s)	English - Good, Russian - Perfect
Driver licence	Car
Equipment experience	
6. Hobbies and interests	
Sport and travels	
7. Job start date	
As soon as possible	

Autobiography

My name is MYKOLA. I am 27 years old. My family is not big. Only me and my parents. I am not married and not have any children..

When I was a child I often visited my grandparents in the village. And I helped them with their housework. I had experience in working in the field and in taking care of cows, pigs, ducks and chickens. I helped to clean and to feed animals. I know that work with animals is a hard work. But it is interesting for me. Also I worked a lot in the field, because we needed a lot of vegetables to feed our animals.

I studied at secondary school in my native town. After school I found a job in the sphere of building. There I was working with tiles and drywall. I worked for some years and I decided to try something other.

In 2016 I entered Agrarian lyceum, the faculty of agronomy. In my lyceum all students have a practice term at plant farms. I also had practice during 2 months in the greenhouse. I did seeding, planting, transplanting, watering, fertilizing.

In April 2018 I went to Denmark for work. It was an agricultural internship. I was working at a pig breeding farm for 1 year. My duties were

- feeding,
- castration,
- vaccination,
- insemination (some times)
- cleaning, disinfecting,
- cutting tails, teeth, clipping.

My English is good. Also I speak Ukrainian and Russian. I do not like any alcohol and smoking. I like sport. Especially football. Also my hobby is travelling.

I have a driving license and can drive a car.

I graduated from my lyceum and now I am looking for a seasonal job in Norway. I would like to find a seasonal job at a plant farm. I am ready to start working as soon as it is possible.

Regards,
Mykola.
