Driver licence	Car, Tractor
Equipment experience	Tractor(good)
6.Hobbies and interests	Biatlon, football, reading books
7.Job start date	As soon as possible

Autobiography

My name is Vitalii. So I am 33 years old. I am married and have one child. Currently, I live in Ukraine but I gained a great experience while working abroad in the past.

One of my favourite childhood activities was taking care of domestic animals at my grandparents' farm. During my high school years, I developed a strong interest in Biology, especially in science of animal behavior and evolution. Also I get love to tractor driving from my father.

After finishing school I worked at a family household where we kept some cows and pigs and sold meat and milk.

From 2007 to 2008, I worked at Borge Hansen Farm in Denmark. My responsibility included, but were not limited to:

- feeding farm animals, milking cows,
- hoof trimming,
- driving and maintaining of harvesting vehicles,
- assisting in activities to harvest crops,
- working on a tractor,
- plowing, cultivating, disking, harrowing,
- cutting woods in the forest,
- operating a loader with fork,
- harvesting grass.

After coming back I stayed at home and continued working at our family household.

Then I entered Agrarian lyceum, the faculty of veterinary. I wanted to get an official veterinary education. I was studying there from 2012 till 2015 and it was the best period of my life. I found my study very interesting. To get the higher education, I entered Ternopil National Pedagogical University, the faculty of physical education. I always was a sporty person that is why I decided to improve my body and health. Moreover, I believe, that in the healthy body is the healthy mind. I was getting my higher education from September 2014 to June 2017.

In September 2018 I went to Norway to get more experience in farming. My daily duties in the farm were:

- daily milking of cows,
- washing of the milking system,
- mixing fodder,
- cleaning and disinfecting of stables,
- did simple repairs inside the farm,
- making fences,
- driving a tractor, transportation,
- loading, pushing the straw,
- work in the field.

I worked in Norway till April 2019.

I have an intermediate level of English and I work on improving my conversational English skills. My hobbies are biathlon and football. I like reading books, too.

I have a driver's license and know how to drive heavy and light vehicles.

Also I have good experience in building. I can do concreting, laying bricks.

Now I want to work in a dairy farm in Canada. I would like to work in this country for a long time. I believe that working in Canada will provide me a great opportunity to reach my full potential professionally and personally. Besides, it is a great country and I want to become a part of it.

Regards,

Vitalii
