# Autobiography

---

My name is Vira. I'm 24 years old. I was born in Ukraine. I'm Ukrainian. Let me tell you a little about my family. I have a small family. My family takes an important part of my life. My mother is a housewife, and my father is a driver. I've got a husband. My husband's name is Oleksandr. He is 28. We are looking for a job abroad together.

I got secondary education in 2010. During my school years my favourite subjects were natural Sciences. My family had a garden and a kitchen garden where I always worked together with my mum. We grew vegetables, berries, fruit trees and a lot of flowers. Of course I planted and transplanted, watered, fertilized. I was fond of gardening in my childhood and now I also like this activity.

After finishing school study I entered Agrarian Lyceum, the faculty of agronomy where I studied for 3 years from 2010 till 2013.

After the graduation I worked at in the field with berries and vegetables in Ukraine. It was a seasonal work.

In 2016 from June till August, I worked in Germany. It was a seasonal work too. There I was doing different jobs: picking strawberries, raspberries, blueberries and other berries.

I can speak English, Ukrainian and Russian.

As for my hobbies I like to dance very much, and I used to attend ball-room classes, I also like to paint and I like to read, it calms me a lot. I like to communicate, to surf the net, like self-education, etc.

I am a sociable, hard-working girl with a love to life. I have a great desire to work, to find new acquaintances, to develop as a person, to set new goals and to reach them.

Now I want to find a job at a strawberry farm in Finland. I want to work together with my husband.

Regards,

Vira
